

ROWMARK'S LASERABLE FLURO MEETING YOUR SPECIALTY SIGNAGE NEEDS

Rowmark's fluorescent line is an eye-catching product designed for warning, directional, product merchandising, specialty signage, or wedding and craft markets. This laminated impact-modified acrylic is meant for laser and rotary engraving, UV-flatbed printing, vinyl lettering, and is heat bendable. It features a matte finish suitable for indoor and outdoor applications.

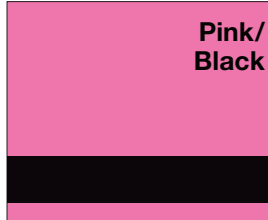

Fluorescents are available in seven vibrant color combinations in 610mm x 1219mm full sheets.
